

***** **Chhau Mahotsav** *****

The Seraikela Chhau Mahotsav, which is being organized simultaneously with the Chaitra Parva, will kick off on April 9 and continue till April 14. This time, however, the focus would be identifying Chhau artistes, who have never got an opportunity to showcase their talents. The administration has decided to give chance to budding artists to display their skills. SDO is making every effort to make the event successful. More than 70 professional Chhau teams are expected to perform at the festival; the Rajkiya Chhau Nritya Kala Kendra will try to spot first time performers. The Seraikela-Kharswan district administration has been organizing such festivals since the independence in 1947
